AEN MAKEDONIA GRADUATION JULY 2018
AEN – MOMENTS

The graduation of the AEN Macedonia students took place on Friday, 13th July, 2018. The graduation was combined with the celebration of the 50 year anniversary since the establishment of the School of Engineering in Michaniona.

The ceremony was attended by graduates of the Academy, their relatives and friends, representatives of the local institutions, the educational staff, members of the shipping industry as well as officers of the Hellenic Navy.

“Our” Apostolos Koukounaris was one of the graduates. We sincerely congratulate him and wish him a bright career and smooth seas! Apostolos’s graduation represents the efforts of all of our cadets and reflects the new era of our Company.
M/V ASTRAEA SB has successfully completed a thorough inspection / audit by the DPA – Mr. Evangelos Tsoumpos through an effective cooperation with all crew members as part of our continuous efforts to identify any weaknesses and work with the immediate rectification of them.

We would like to express our sincere thanks to all crew members for their excellent performance during the PARIS MOU PSC Expanded Inspection!

Obviously, such a success gives us more strength to continue, achieving even higher targets, while efforts should be continuous!

Moreover, the Company’s key shore staff has monitored the hand over procedure between the sign off crew members as well as the familiarisation procedure followed on board and closely monitored by the responsible Officers.

iso9001:2015 & iso14001:2015

We are pleased to inform you that our Company has been re-certified as per the ISO 9001:2015 and ISO 14001:2015 Standards after the completion of an audit conducted in our premises by EUROCERT.

Both new standards set the foundation aiming to incorporate a common structure, an increased alignment with strategic direction, a focus on proactive initiatives, the enhanced requirements on Leadership, a specific operational structure and a risk-based decision making tool.

A.E. Nomikos Shipping Investments Ltd. would like to grasp the opportunity to thank you for your contribution to this aim and also remind you that the efforts should be continuous.
Editor’s note
By Evangelos Tsoumpos, Naval Architect & Marine Engineer
DPA / HSQE Manager of A.E. Nomikos Shipping Investments Limited

We cannot think better way to address the future challenges than by making continuous efforts, so as to be kept updated with all forthcoming regulations and always within the time limits; ensuring a safe transitional period for all members of our team either on board or ashore. The passion among us, to maintain and enhance the quality of our services and our performance, is infectious.
