The purpose of the MRM was to:
Introduce and analyze the implementation of the IMS on board and ashore.
Ensure that corrective / preventive actions being developed as a result of non-conformities, incidents / injuries and unsafe acts are adequate.
Review of the Company’s activities as well as inspections, audits, etc. since previous meeting.
Discuss all operations and all safety, quality, health and environmental aspects of the fleet and review statistics and trend analysis of injuries / incidents, audits, inspections, etc.
Monitor and discuss progress towards Company targets
All forthcoming rules and regulations and all actions necessary to comply with were thoroughly discussed.
Existing KPI’s reviewed & New KPI’s established. The agreed from last year action plan was reviewed, as well as the follow-up actions and their status.

“It is not only the organizational system that leads to responsibility; it is mostly the morals and culture.”

MRM 2018 motto by Mrs. Nancy Gakis
General Manager
NEW YEAR’S EVE ON BOARD M/V ALKYONI SB !!!
NEW YEAR’S EVE ON BOARD M/V ATTIKI SB !!!
AEN through the Annual Reporting feature of the e-NOI system has prepared and submitted the Annual Report as specified in the VGP 2013 for the calendar year 2017.

Date submitted: 29/12/2017
Date certified: 29/12/2017

New Year Celebration @ AEN PREMISES

AEN welcomed warmly the New Year 2018 with all its members gathered for the cutting of the New Year’s Cake.

Among the luckiest was our dear Mrs. Vicky Panoriou who won the “flouri”.

To our dear Staff:

Evangelia
Evangelos
OUR BEST WISHES FOR YOUR NAME DAY!
XRONIA POLLA!!

From all of us in A.E. Nomikos Shipping Inv. Ltd
Attiki SB @
Puerto Madrin,
Argentina

M/V ATTIKI SB has successfully completed a PSC inspection in Puerto Madryn, Argentina, on 13th March 2018 contributing to the Company’s KPI for Zero Detentions within the year.

Fire and Abandon Ship Drills were successfully conducted in the presence of the PSC Officers.

We would like to express our sincere thanks to all crew members for their excellent performance during the PSC Inspection!

Obviously, such a success gives us more strength to continue achieving even higher targets.

Attiki SB
Class NK Audits

M/V ATTIKI SB has successfully completed CLASS NK ISM / ISPS / MLC audits / inspections in Sao Luis, Brazil, on 27th February 2018 contributing to the Company’s high standards of operation.

We would like to express our sincere thanks to all crew members for their excellent performance during the CLASS NK audits!
Attiki SB & drills

It is the Company’s belief that emergency response would be characterized by calm and methodical execution of pre-established and well-rehearsed responses.

The scope of the System is to provide a standardized source of guidance for decision-making, with quick and logically sequenced procedures, which can reduce errors and oversights during emergency situations.

The ERP should be seen as dynamic and should be reviewed on the basis of accumulated experience and analysis.

The response procedures must not prevent the individuals who are running the response from being able to act in accordance with their own judgment and with the precepts of good “seamanship”, as they apply to the situation at hand.
ISM DOC RENEWAL AUDIT 2018

We are pleased to inform you that on 20th March 2018, the Office SMS Renewal Audit has been successfully carried out by Class NK Principal Surveyor, Mr. Vrontorinakis I., without any non-conformities and/or observations raised.

Taking this opportunity, we would like to thank ALL OF OUR CREW and SHORE STAFF for their contribution to maintain high quality of performance, reach higher levels of operations and fulfill our Company’s targets and Vision; “To be a Constantly Respected Ships Management Company”; especially during this tough period for shipping industry.

Understanding the Maritime Cyber Threat seminar

On Wednesday, 21st March representatives from across Thomas Miller namely, UKP&I, UKDC, TT Club, ITIC, Thomas Miller Specialty and Hellenic War Risks, hosted a workshop in Athens on Understanding the Maritime Cyber Threat.

The event was attended by over 90 personnel from the Greek Maritime Community.

The DPA / HSQE Manager of A.E. NOMIKOS Shipping Inv. Ltd. Mr. Evangelos Tsoumpos attended the seminar.

The evening was introduced by Michael Greenwood of Hellenic War Risks followed by a presentation from crisis managers, NYA, who outlined the current threat trends in the maritime domain. George Devereese of UK P&I Club then chaired an interactive discussion based around a scenario where developing threats brought in all areas of cover offered from across the TM business.
From all of us in AEN, we wish you...

Happy Easter

ΚΑΛΟ ΠΑΣΧΑ

Editor’s note
By Evangelos Tsoumpos, Naval Architect & Marine Engineer - DPA / HSQE Manager

Welcome to AENews Issue No.14! Management Review Meeting is always a very special occasion for the AEN Key Shore Staff, where all of our targets and KPT’s are analyzed and presented. Undoubtedly, 2017, has been a tough yet successful year, with excellent performance that gives us strength to continue our efforts by maintaining the achieved level and aiming to even higher targets.

I would like to personally express my sincere thanks to all members of AEN Team, either on board or ashore, for their work, cooperation and contribution in facing various difficulties but having one aim; “What is next”!
