30th Anniversary Celebration Dinner
An unforgettable night

The 9th of December 2017 was a very special day for AEN Family, as we celebrated the 30th anniversary of two special members of the AEN Family; Mrs. Evangelia Karanakegou – Supply Manager and Mrs. Vicky Panoriou – Accountant Assistant, in a beautiful dinner full of joy & emotions, along with beloved friends, family & colleagues. A big party was organized, so as to thank them for their valuable help and efforts which always lead to the best of the Company.
With very much pleasure we announce our cooperation with AEN Makedonias. Captain Nikolaos Tsoulis – Director of Masters Department offered us the opportunity and honor to present our Company and its features to their young students establishing a new channel of communication and a way of exchanging ideas in favor of the Greek Shipping Industry sharing common values and vision.

During our visit we experienced a friendly and warm atmosphere. Moreover, we had the opportunity to discuss and verify the difficulties of AEN Makedonias operation and the constant efforts of their Managers to perform their duties during this tough period for our country.

We would also like to specially thank Mr. Georgios Gotzamanis – Professor Naval Architect and Marine Engineer and Mrs. Konstantia Rossiadou – Physicist – Meteorologist Professor for our cooperation and their hospitality.

At AEN, we are proud of managing a young fleet operated for our high-profile customers and can ensure the comfort of a reliable environment and long-term employment. Inspired by our vision to be a respected Ships Management Company of choice for the global sea transportation, maintaining traditional values, AEN offers opportunities for sharing common values and dreams achieved through continuous career development in an international, competitive and growing industry.
AEN – Gallagher Marine Systems, LLC

Annual Table Top Exercise 2017

A.E.N. has recently attended the annual Focus Training & North American Regulatory Seminar in Athens. The seminar was effectively organized by Mrs. Irene Veroni - Marispond Hellas.

This year AEN has participated as a Key Note Speaker and Mr. Evangelos Tsoumpos – DPA / HSQE Manager has presented the results of the R&D program called SEAHORSE Project.

Upon completion of the seminar the annually-required Table Top Exercise / Drill accreditation was achieved and all related valuable information regarding new and proposed requirements affecting our vessels’ trade to North America was presented by the Gallagher Team.

Our special thanks to Mr. Thomas Wiker – GMS Vice President – Operations, Mr. Kevin Perry – GMS Senior Manager – Drills & Training, Mrs. Irene Veroni – Marispond Hellas General Manager for the honor and hospitality.

---

Amver (Automated Mutual-Assistance Vessel Rescue System), sponsored by the United States Coast Guard, is a unique, computer based, and voluntary global ship reporting system used worldwide by search and rescue authorities to arrange for assistance to persons in distress at sea.

Since our vessels completed more than 128 days on the Amver plot in a calendar year they took pride for their commitment and for joining those from hundreds of nations providing a worldwide safety network to assist search and rescue coordinators in responding to emergencies at sea.
M/V ATTIKI SB – “Vessel of the Year 2017”

M/V ATTIKI SB has been declared as the “Vessel of the Year 2017”

According to the Distance Audits (ORB, IMS, EMS & GRB) and the related statistics, the vessel and the crew had the best performance with the minimum number of observations (obs) within 2017.

Special congratulations to the crew of M/V ATTIKI SB!!!

A prize will be awarded to the vessel of the year during a special ceremony.

Due to the fact that M/V AURORA SB was the vessel of the year for two consecutive years (2015 & 2016) a special prize will be delivered to the vessel as well.

our two ladies...

On 23rd November 2017 our two ladies, the M/V ALKYONI SB and M/V ATTIKI SB met in Singapore while bunkering, after sharing their first home; the JMU S/Y in Kure, Japan where they were built and delivered to us in 2014 and 2015 respectively.

To our dear Captains & Chief Engineers:

Christos, Vasilis,

Nikolas & Manolis

OUR BEST WISHES FOR YOUR NAME DAY!

CHRONIA POLLA!!

From all of us in A.E. Nomikos Shipping Inv. Ltd
Agios Nikolaos

is considered to be the protector of seafarers and the Greek Navy, because during his life numerous reported miracles are associated with the sea. For this reason, all vessels carry his image on the Bridge.

On December, 6th, we celebrate Agios Nikolaos and wish our seafarers smooth seas!!!
As per A.E. NOMIKOS SHIP. INV. procedures, an annual audit was conducted at KJCM MARITIME CORPORATION, in Manila, Philippines, November 2017, in order to examine the efficiency and effectiveness of the procedures for recruiting seafarers, and assess the level of compliance with international laws and regulations concerning the manning of vessels.

Mr. Evangelos Tsoumpos – DPA / HSQE Manager experienced a smooth cooperation with KJCM Managers.

Apart from the audit, Meeting and refresher training was conducted with Training Instructors so as to identify and/or address any potential training weaknesses or further developments. The effective use of the AEN Computer Based Training Program was checked and verified.

An efficient planning process is available to ensure that future manning needs can be met. Staff succession and recruitment planning is conducted, including profiling of competence, experience and retirements.

ISO 9001 certified awarded on 13/09/2017. Amendments as per ISO9001:2015 are in force. One key element of effective management systems is the systematic approach to the identification of hazards and the assessment of the associated risks in order to provide information to aid decision-making on the need to introduce risk-reduction measures.

A.E. Nomikos Shipping Investments Ltd. Management Review Meeting 2016 has been presented to all KJCM Key Shore Staff with reference to the achieved statistics within the year based on the mutual cooperation and with emphasis to the training, PSC performance, accidents as well as retention rate.

The Manning Agent management is committed to ensure that managed ships have competent crew who fully understand their roles and responsibilities and who are capable of working as effective team, with an emphasis on senior officers in order to be committed to a high standard of fleet management and motivated.

Special thanks to Cpt. Levy A. Capayas - Managing Director, Mr. Arturo Paculdar - President, Ms. Nanette Reyes - QAR, Ms. Cecilia Cruz - QAR, Mr. Eric Bautista - Fleet Manager, Ms. Aida Gambalan - Chief Documentation Officer and Mr. Cezar Gabriel Perez - QAR Assistant.
It is the Company’s belief that emergency response would be characterized by calm and methodical execution of pre-established and well-rehearsed responses.

The scope of the System is to provide a standardized source of guidance for decision-making, with quick and logically sequenced procedures, which can reduce errors and oversights during emergency situations.

The ERP should be seen as dynamic and should be reviewed on the basis of accumulated experience and analysis. The response procedures must not prevent the individuals who are running the response from being able to act in accordance with their own judgment and with the precepts of good “seamanship”, as they apply to the situation at hand.

A.E. Nomikos Shipping Inv. Ltd. has joined the Christmas Cocktail Reception organized by the Department of Merchant Shipping and the Piraeus Maritime Office of the Cyprus Embassy in Athens on December 7, 2017, at Mare Marina, Flisvos Marina.

Mr. Evangelos Tsoumpos - DPA / HSQE Manager, Cpt. Gerasimos Anastasopoulos - Operations Manager and Mrs. Tatiana Akritanaki - HSQE Assistant had the pleasure to experience the warm atmosphere and meet friends and partners such as Mrs. Chryso Demetriou - Head of the Registry of Cyprus Ships & Promotion Division, Mr. Andreas Kyriacou - Head of Ship’s Safety Section, Mr. Constantinos Vassiliou - Marine Surveyor (STCW - Seafarers matters), Mr. Michael Michaelides - Marine Surveyor A’ and Mr. Christos Karitzis - Marine Surveyor.
Editor’s note
By Evangelos Tsoumpos, Naval Architect & Marine Engineer

Welcome to AENews Issue No.13! Our Company’s successful year has vindicated all the hard work and commitment by all of us either on board or ashore who toil for the present and future of our high quality performance and services.

The relationship of trust that we have built with our partners led to another distinction sharing common values and vision for the future.

From all of us in A.E. Nomikos we wish you Merry Christmas and a Happy New Year 2018, and we hope to see you again in the next AENews!
